CAMERA ADAPTOR CABLE : NEW HOLLAND HARVESTER

3.

CAUTION :

You must imperatively connect the control wire of the original camera display to the reverse gear control of the harvester. If you do not respect this instruction, you will miss the Safety Homologation for persons of your harvester.

We recommend that you have your equipment installed by a professional (cf. disclaimer section). Failure to observe the instructions might result in damage to material and affect the proper functioning of the device. It might also compromise people's safety. AMS will not assume responsibility if these instructions are not followed.
