

Item code : VICAM-AMS-360-VIEW
 Camera : VICAM-AMS-360-CAM1

VIDEO

360° SYSTEM

A new technology for your safety

Our 360° is composed of 4 cameras placed at the front, rear and sides of the vehicle. Once installed, you will get a 360° view all around the vehicle, and even of blind spots.

FEATURES:

• 360° view and 3D perspective:

Activate this feature to preview your vehicle* from above. Make your maneuvers easier and don't miss anything that happens around it, even in blind spots.

(Example of visualization of the 360° view with an AMS screen. The monitor is sold separately)

*2D agricultural vehicle visual to choose from: tractor, harvester or forage harvester

360° SYSTEM

• Front / rear / left / right view:

You can choose to display on the screen the view of the cameras of your choice. When you activate one of the flashing lights, the 360° system displays the view of the corresponding camera (left camera if you turn left and right if you turn right). When reversing, the system displays the rear camera view.

• Parking lines:

When in reverse, activate the parking lines to get a better appreciation of distances.

• Recording:

Possibility of recording on SD card

TECHNICAL FEATURES:

Camera:

- Solids/Liquids protection index: IP69K
- Operating temperature: -20°C +70°C
- Storage temperature: -40°C to +85°C
- Resolution: 1080P
- Viewing angle: 200°
- Sensor: 1/2.9» CMOS
- Video output: 1.0Vp-p, 75 Ohm
- Power supply: 12 V
- Auto White Balance

Control unit:

- Operating voltage: 10-32 V
- Operating current: <2 A/12 V
- Operating temperature: -20°C +70°C
- Storage temperature: -40°C to +85°C
- Operating humidity: 10% - 95%
